Webinar: <http://join.freeconferencecall.com/barhii>

Evaluation: <https://www.surveymonkey.com/r/May17SRSDOH>

AGENDA

1:00 **Welcome, Introductions, and County & Regional Updates**

1:15 **Getting a Balcony Perspective: The SR/SDOH Issues Over the Past 15 Years and Now Making the Case**

Over the past 15 years of BARHII's existence we have done a lot to bring the Social Determinants of Health to the forefront in policymaking and planning. Some determinants include:

- Living Conditions (Physical Environment, Social Environment, Economic & Work Environment, Service Environment)
- Institutional Power
- Social Inequities

Even with the local measures in the last election, the SDOH were used to justify measures that were passed. Let's take some time to both reflect and plan:

Getting a Balcony Perspective: The Role of the SR/SDOH Committee

The Community of Practice Model: Individual Needs & Desires:

- What projects am I currently working on that I (can) bring a SR/SDOH lens to? What can I influence?
- What would I like to do (regarding SDOH) that you aren't doing now?
- What problems or challenges am I facing? And what support do I need?
- What successes have I had and/or what success strategies am I willing to share?
- Who would I like to learn from?

2:15 **Moving from Making the Case → Implementing the Change**

Committee Level Experiment: Bringing the SDOH/ Health Equity Focus local: A sub regional approach- South Bay focus

- Can a sub-regional approach help us move from making the case to initiating action?

- Goals: Building relationships between PHD staff, other county staff and community organizations; developing a critical mass with the same information; building knowledge base regionally; open to all through the phone (like now)
- Other Considerations?
- Benefits?
- Drawbacks?
- How would we measure success?

Implementation of Sub regional focus

- What are the biggest SDOH factors affecting our counties now? / What are the biggest areas of concern?
 - Immigration
 - Criminal Justice
 - Behavioral Health
 - Housing
 - Marijuana and Prop 64
- What is our PHD's role in these issues? Does PH add a needed perspective/focus/role that can promote action & change?
- Is anything blocking our department from advancing these concerns? What problems or challenges are we facing?
- Who should we learn from?

2:45

Next Steps, Assignments, and Items for Next Meeting

- Topic & Agenda for Next Month's Agenda
- Next Steps
- BARHII Meeting Evaluation
