## Public Health Approaches to Homelessness: Root Causes, Regional Strategies, and Funding Streams

### Topic:

June's BARHII General Meeting will help participants from public health and homelessness programs explore the regional crisis of homelessness in the Bay Area, focusing on root causes and solutions bigger than any one jurisdiction. Leaders from across the region will also share emerging public health strategies for addressing this crisis—including regional strategies, policy actions, new funding streams, and more.

This meeting is designed for people who are new to homelessness and experienced practitioners to develop shared understandings and relationships.

### Speakers:

- **HomeBase** will share a bird's eye view of homelessness, and responses to it, in the Bay Area. Like BARHII, HomeBase was started by Bay Area communities who recognized that the problems we face are bigger than any one jurisdiction. Today HomeBase is a nationally recognized center on homelessness solutions, and convenes the Regional Steering Committee in the Bay Area to share strategies and address homelessness at a regional scale.
- **A Homelessness and Housing Leaders Roundtable** made up of leaders from across the region will also share emerging public health strategies for addressing this crisis—including regional strategies, policy actions, new funding streams, and more.

Next General Meeting: Friday, July 21st, 10:00am – 12:00pm
